**SCHEDULE OF CHARGES APPLICABLE TO HOUSEHOLD GOODS
MOVES WITHIN THE STATE OF SOUTH CAROLINA**

TARIFF

SECTION I

RULES

AND

REGULATIONS

RULE 1**APPLICATION OF TARIFF**

This tariff is applicable only on intrastate traffic, i.e. traffic having origin and destination within the State of South Carolina of **NetMove Logistics, LLC d/b/a NetMOVE** (“Carrier”).

RULE 2

Intentionally left blank

RULE 3**SCOPE AND APPLICATION OF TARIFF**

Subject to the rules and regulations contained in Section I, the rates and charges shown in Sections II, III, and IV are the rates and charges to be assessed by the carrier governed by this tariff, for all movements of household goods within South Carolina.

RULE 4**COMMODITY DESCRIPTION**

Household goods, as used in connection with transportation, means personal effects and property used or to be used in a dwelling, when a part of the equipment or supply of such dwelling, and similar property if the transportation of such effects or property is arranged and paid for by the householder or another party.

RULE 5**REISSUED ITEMS OR PAGES**

References made herein to items, rules, or pages in this tariff include reference to reissue of such items, rules, or pages.

RULE 6

Intentionally left blank

RULE 7**VALUATION**

- (A) As used in this tariff, the phrases, "released value", "declared value", "value declared by shipper", and "lump sum value" shall have the same meaning.
- (B) On any shipment where the transportation charge is based on weight and distance and/or hourly rated movements pursuant to the provisions of this tariff, the carrier's maximum liability shall be either \$.60 per pound for the actual weight of any lost or damaged article or articles. Additional coverage is available upon request.
- (C) The released value and the carrier's maximum liability (whether loss or damage occurred from carrier negligence), as determined under this rule, shall apply to any claims resulting from the performance or failure to perform by carrier of any services, including accessorial services, which carrier has contracted to perform.

RULE 8**LIMITATION OF LIABILITY ON READY TO ASSEMBLE FURNITURE
MADE FROM PRESS BOARD, PARTICLE BOARD, AND ENGINEERED WOOD**

- (A) Ready to Assemble Furniture is defined as meaning furniture manufactured from press board, particle board, engineered wood or similar materials which is shipped from the manufacturer in a knocked down (KD) or knocked down flat (KDF) condition to be assembled by the retail store, reseller, or end-user. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, and may not withstand the normal truck vibration, even in air-ride trailers. It is not constructed to withstand the normal stress of a move as an assembled unit. Assembly instructions frequently suggest that the connecting hardware pieces be glued in place. This does not significantly improve the structural integrity of the pieces and makes disassembly impossible without creating substantial, unrepairable damage.
- (B) When a shipper elects to ship an article as defined above, and notwithstanding the language contained in the Notice below, in no case shall the liability of the carrier exceed \$.60 per pound per article or \$50.00 per article, whichever is greater.
- (C) Prior to the movement of a shipment of household goods, the carrier shall give the shipper a notice containing the language outlined below and receive back the original signed copy.

NOTICE

LIMITATION OF LIABILITY ON READY TO ASSEMBLE FURNITURE MADE FROM PRESS BOARD, PARTICLE BOARD, AND ENGINEERED WOOD

Furniture manufactured from press board, particle board, and/or engineered wood is designed to go into a box from the manufacturer to the retailer, and then to the customer unassembled. It is not constructed to withstand the normal stress of a move as an assembled unit. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, and may not withstand the normal truck vibration, even in air-ride trailers. Usually, chips or dents are not repairable. Surface impressions can be made on the furniture when writing on a single piece of paper. Assembly instructions frequently suggest that connecting hardware pieces be glued in place. This does not significantly improve the structural integrity of the pieces and makes disassembly impossible without creating substantial, unrepairable damage. ***When a shipper elects to ship an article as defined herein, and notwithstanding the language contained in this Notice, in no case shall the liability of the carrier exceed \$.60 per pound per article or \$50.00 per article, whichever is greater.***

☐ **Option 1** I/we choose to disassemble and reassemble all press board, particle board, and or/engineered wood furniture prior to move. I/we assume all responsibility for damage to the press board, particle board, and/or engineered wood furniture which may occur during the disassembly of the furniture.

☐ **Option 2** I/we have engaged the services of another individual or company to disassemble all press board, particle board, and/or engineered wood furniture prior to move. I/we assume all responsibility for damage which may occur to the press board, particle board, and/or engineered wood furniture during the disassembly of the unit(s).

☐ **Option 3** I/we am/are tendering furniture constructed of press board, particle board, and/or engineered wood fully assembled as a part of our move. I/we understand that any claim for damage to the press board, particle board, and/or engineered wood furniture may be denied due to inherent vice, based upon the fact that fully assembled press board, particle board, and/or engineered wood furniture is inherently susceptible to damage as outlined above.

Shipper, owner, or consignee must select Option 1, 2, or 3.

RULE 9**ARTICLES OF EXTRAORDINARY VALUE**

The carrier will not assume any liability whatsoever for: documents, currency, money, jewelry, watches, precious stones, or articles of extraordinary value including accounts, bills, deeds, evidences of debt, securities, notes, postage stamps, stamp collections, revenue stamps, letters or packets of letters, articles of peculiarly inherent value, precious metals or articles manufactured therefrom, which are not specifically listed on the bill of lading or otherwise listed and inventoried.

RULE 10**INSURANCE**

The cost of insurance against marine risk or any other insurance for the benefit of the shipper will not be assumed by the carrier.

RULE 11**PAYMENTS**

(A) The carrier will not deliver or relinquish possession of any property transported by it until all tariff rates and charges thereon have been paid in cash, certified check, except where other satisfactory arrangements have been made between the carrier and the consignor or consignee, in accordance with the rules and regulations of the South Carolina Public Service Commission.

(B) Nothing herein shall limit the right of the carrier to require, at time of or before shipment, the prepayment in part or in full or guarantee of the charges.

(C) Subject to the foregoing paragraphs, provisions for payment of charges on storage-in-transit shipments are contained in Rule 48 (Storage-In-Transit).

(D) A finance charge of 1% per month will apply to payments made after thirty (30) days from date of invoice.

(E) Carrier may accept credit or debit cards. The processing fee for these transactions may be passed on to the shipper. Carrier will only charge up to the amount their credit card processing company charges the carrier for the individual transaction. The credit card processing fee will be listed on the bill of lading.

RULE 12**REGULAR HOURS OF SERVICE**

Regular hours for service shall be between 8:00 a.m. and 5:00 p.m. on each day of the week except Saturdays, Sundays, and legal holidays (national, state, or municipal). Delivery will be tendered during regular hours of service unless agreed to otherwise by carrier and shipper.

RULE 14

RULE 15

RULE 16**MILEAGE AND APPLICATION**

(A) Except as otherwise provided herein, where rates herein are based on mileage, the applicable distance or mileage shall be computed based on odometer readings or an online map application such as Google Maps, or Apple Maps.

RULE 17**HOURLY RATE TRANSPORTATION APPLICATION**

In calculating transportation on shipments moving for a ratemaking distance of thirty-five (35) miles or less, the hourly rates as shown in Section II shall apply. In no event are the rates for transportation charges in Section III applied on hauls of thirty-five (35) miles or less. The distance between origin loading and destination unloading shall be used as the basis for all ratemaking.

RULE 18**DISPOSITION OF FRACTIONS AND PARTS OF HOURS**

Dispose of fractions in computing a charge by omitting fractions of less than one-half of one cent and increase fractions of one-half of one cent and greater to the next whole cent. Fractions of an hour on charges based on hourly rates will be disposed of as follows: Where the time involved is 15 minutes or less, the charge shall be for one-quarter ($\frac{1}{4}$) hour. When in excess of the 15 minutes but not more than 30 minutes, the charge shall be for one-half ($\frac{1}{2}$) hour. When in excess of 30 minutes but not more than 45 minutes, the charge shall be for three-quarters ($\frac{3}{4}$) hour. When in excess of 45 minutes and not over one hour, the charge shall be for one (1) hour.

RULE 19**COMPUTING CHARGES**

(A) Except as otherwise provided herein, weight and distance rates in this tariff are stated in dollars and cents per 100 pounds, and total charges shall be computed by multiplying the weight of each shipment by the rate shown per 100 pounds, except as provided in paragraph (B) of this rule. When a shipment is transported a distance in excess of 800 miles, charges shall be computed as follows: (1) First find the rate for 800 miles in the applicable table of rates (Section III); (2) Next find the rate for the excess distance over 800 miles in the same table of rates; (3) Add the above two rates together to get the through rate per 100 pounds to apply on entire shipment.

(B) Transportation charges based on actual weight of the rate provided thereof shall not exceed charges based on the next higher minimum weight at the rate provided for such higher minimum weight. The weights shown under columns headed "Break Point" in Section III are the weights at which a lower charge develops by use of minimum weight and applicable rate shown in the next higher weight bracket.

(C) Hourly charges will be computed by applying the proper hourly rate contained in Section II to the actual number of hours required to accomplish the move. All hourly jobs shall have a minim of 3 hours labour charged, even if the actual time worked is less than 3 hours.

RULE 20**MINIMUM WEIGHT CHARGE**

Except as may be otherwise specifically provided for in this tariff, or as amended, a shipment weighing less than 5000 pounds shall be accepted only at a weight of 5000 pounds and applicable rates and charges based on weight shall be subject to 5000 pound minimum.

RULE 21**COMPLETE OCCUPANCY OF VEHICLE**

(A) Subject to the availability of equipment for the particular service desired, a shipment, the displacement of which completely occupies the loading space of a vehicle, or the peculiar displacement of which completely occupies the loading space of a vehicle, or the peculiar character of which otherwise prevents its transportation with other shipments on the same vehicle, will be accepted at charges computed on the actual weight subject to a minimum weight based on 7 pounds per cubic foot of total vehicle space. (See Rule 26 - Display of Van Space).

(B) Bill of Lading to be marked or stamped:

COMPLETE OCCUPANCY OF A VEHICLE
SHIPMENT MOVING AT WEIGHT OF _____ POUNDS
ACTUAL WEIGHT _____ POUNDS

RULE 22**MOVEMENT OF EMPTY VEHICLES**

(A) A shipper having one or more shipments and desiring to continue movement of all such shipments may request the empty movement of equipment from destination to point of origin of next shipment for further loading subject to the availability of equipment and at charges shown in Section IV, Item 11 (Empty Mileage Charge). The empty movement of equipment shall be ordered in writing at the time shipments are accepted for transportation.

RULE 23**EXCLUSIVE USE OF A VEHICLE**

(A) Subject to the availability of equipment, a shipper may order use of a vehicle of specific cubic capacity for transportation of a shipment. Transportation charges shall be based on actual weight subject to minimum charges as follows:

1. If the capacity of vehicle ordered is 1,000 cu. ft. or less, the minimum charge shall be based on 7,000 pounds.
2. If the capacity of vehicle ordered is in excess of 1,000 cu. ft., the minimum charge shall be based on 7 pounds per cubic foot of total vehicle space ordered.

(B) If at time for loading such shipment, carrier does not have available a vehicle of capacity ordered, carrier may substitute a vehicle or vehicles of an equivalent or greater capacity and transportation charges and minimum therefore shall be the same as would apply had carrier furnished a vehicle of the capacity ordered. (See Rule 26 - Display of Van Space)

(C) Bill of Lading to contain the following language:

_____ Exclusive Use of a _____ cu. ft. vehicle (Minimum 1,000 cu. ft.)

RULE 24**SPACE RESERVATION FOR A PORTION OF VEHICLE**

(A) Subject to availability of equipment, shipper may reserve a portion of the capacity of a vehicle by ordering a specific quantity of space, in units of 100 cu. ft., and accepting transportation charges based on actual weight of shipment subject to minimum transportation charges as follows:

300 cu. ft. or less 2,100 pounds
 More than 300 cu. ft. 700 pounds per 100 cu. ft. unit ordered

 Actual Weight of _____ lbs.
 Signature of Shipper or Agent: _____

- a. Less than 4,000 lbs. and moving a distance of 80 miles or less;
- b. Less than 5,000 lbs. and moving a distance of 81 miles and not more than 150 miles;
- c. Less than 8,000 lbs. and moving a distance of 151 miles or more.

(B) Subject to availability of equipment for the particular service desired, shippers may obtain expedited service on shipments of less than the weights described in (A) above, and transportation charges shall be computed on the basis of applicable minimum weight above and tariff rates applicable to such minimum weights. The carrier shall not be required to provide exclusive use of vehicle under this rule. For exclusive use of vehicle, refer to Rule 23 (Exclusive Use of a Vehicle).

(C) Bill of Lading to contain the following language:

_____ Expedited Service of _____ miles

RULE 29

BASIS OF WEIGHT

(A) The tare weight of each vehicle used in the transportation of household goods shall be determined by having it weighed prior to the transportation of each shipment, without the crew thereon, by a certified weigh-master and on a certified scale. When so weighed, the gasoline tank on each such vehicle shall be full, and the vehicle shall contain all blankets, pads, chains, dollies, hand trucks, and other equipment needed in the transportation of such shipment.

(B) After the vehicle has been loaded, it shall be weighed, without the crew thereon, prior to delivery of the shipment; and the net weight shall be determined by deducting the tare weight from the loaded weight, except that in instances where no adequate scale is available, the constructive weight, based on seven pounds per cubic foot of properly loaded van space, may be used. The gross weight, tare weight, and net weight, or the constructive weight, shall be shown on the bill of lading.

In the transportation of part loads, this rule shall apply in all respects, except the gross weight of the vehicle containing one or more part loads may be used as the tare weight of such vehicle as to part loads subsequently loaded thereon, and a part load for any one shipper, not exceeding 1,000 pounds, may be weighed on a certified scale prior to being loaded on a vehicle, such part load to be accompanied by a weight ticket evidencing such weighing.

(C) All tare, gross, actual, or constructive weights shall be properly certified to by the person or persons who ascertained such weights.

(D) The carrier, upon request of shipper, owner, or consignee made prior to delivery of a shipment and when practicable to do so, will reweigh the shipment. The lower of the two net scale weights shall be used for determining the applicable charges. There will be a charge to the shipper if the reweigh results in a net scale weight in excess of the initial net scale weight or if the difference between the initial net scale and the reweigh net scale weight is less than 100 pounds on a shipment weighing 5,000 pounds or two percent or less of the lower net scale weight on shipments in excess of 5,000 pounds.

NOTE: For reweighing charges see Section IV, Item 15 (Reweighing Charge).

RULE 30

COMPLETE ARTICLE

Each shipping piece or package and contents thereof shall constitute one article, except the total component parts of any article taken apart or knocked down for handling or loading in vehicle shall constitute one article for the purpose of determining carrier's liability as provided in Rule 7 (Valuation).

NOTE: When an entire shipment is transported in containers, lift vans, or shipping boxes, each shipping package, piece, or loose item not enclosed within a package in such containers, lift vans, or shipping boxes will constitute the article.

The following examples identify carrier's maximum liability if moving at \$.60 per pound per article.

1. Bed assembly, weight 100 pounds – headboard lost or damaged, weight 50 pounds. Carrier's maximum liability for loss or damage to the headboard would be \$.60 times 100 pounds (weight of total bed assembly) or \$60.00

2. Barrel of dishes, weight 50 pounds – several dishes broken weighing 2 pounds. Carrier's maximum liability for broken dishes within the barrel would be \$.60 times 50 pounds or \$30.00.

3. Carton or package, weight 60 pounds – fishing reel missing, weight 1 pound. Carrier's maximum liability would be \$.60 times 60 pounds or \$36.00.

RULE 31

RULE 32

PREPARATION FOR SHIPMENT

(A) Unless otherwise provided, articles tendered for transportation must be in such condition and so prepared for shipment as to render the transportation thereof reasonably safe and practicable.

Packing to Be Accomplished by Shipper or Carrier

(B) Articles requiring packing, crating, wrapping, or servicing as provided for in this rule, may be prepared for shipment by the shipper or their agent, or the carrier will perform this service at the request of and for the account of the shipper, as provided in Section IV, Item *1 (Packing and Unpacking) and Item 2 (Overtime Packing and Unpacking)*. When performing their own packing (PBO), the shipper and/or their appointed agent, shall cause PBO cartons to be properly identified and marked with the general contents. Carrier shall have the right to open and inspect any PBO carton to verify contents. Carrier will not be liable for damages occurring on PBO cartons, unless specific exterior damages are noted and inspection takes place with the carrier's representative at the time of delivery.

Protection By Carrier

(C) Unless otherwise provided, articles having surfaces liable to damage by scratching, marring, or chafing, but of sufficient strength to allow other articles to be packed against or on top of same in a manner which will make transportation of the entire shipment reasonably safe and practicable if protected by sufficient wrapping, will be wrapped at time of loading in furniture pads, covers, burlaps, or wrappers which are part of the carrier's regular equipment. The cost of this service is included in transportation rates named in tariff.

Musical Instruments

(D) Musical instruments such as harps, guitars, banjos, mandolins, violins, cellos, trombones, drums, or similar instruments which require, for the safe transportation thereof, more protection than afforded by the carrier's regular equipment as provided for in paragraph (C) of this rule, must be packed in the instrument's own case or other adequate container.

Containers Required

(E) Bedding, books, carpets, rugs, china, glassware, pottery, silverware, statuary, clothing, curtains, draperies, kitchen utensils, lamp shades, table lamps, small articles such as tools, athletic and game equipment, and household articles such as clothes lines, poles, umbrellas, canes, irons, ornaments, and other small articles of less than one cubic foot displacement must be packed and tendered to the carrier in barrels, boxes, cartons, wrapped bundles, or wrapped rolls, except that trunks, tubs, pails, baskets, or other containers or articles of furniture of the shipper may be substituted when of sufficient strength so that the use of such containers will render transportation of contents reasonably safe.

Fragile Articles

(F) Fragile articles such as showcases, wall cases, cameos, works of art, scenery, lighting fixtures, linoleums, statuary, marble slabs, mirrors, glass tops, pictures, paintings, models, antiques, and other similar articles which are easily broken or damaged, or articles upholstered or covered with material or fabric of a delicate nature or color, or other articles with delicate finishes which are easily soiled, torn, or damaged, must be fully protected by boxing, crating, or wrapping.

Mechanical Equipment

(G) Equipment and articles such as washing machines, refrigerators, ironers, sewing machines, vacuum cleaners, heaters, ranges, radios, clocks, victrolas, and/or other similar articles, the surfaces of which can usually be protected by carrier's regular equipment as provided for in paragraph (C) of this rule, must have all motors, mechanical parts, and ornaments securely fastened, bolted, or tied in a manner to prevent loss, damage, or impairment of functions.

Secureness of Containers

(H) Unless otherwise provided, articles for which containers are specified must be securely enclosed by the containers so that no ends or other parts protrude and in a manner that will prevent loss of articles from such containers. Any articles that are easily broken or having surface liable to damage by chafing must be protected within the authorized shipping containers by or with liners, partitions, wrappers, excelsior, straw, or other packing materials which will afford adequate protection against breakage or damage.

Carrier Not Obligated To Accept

(I) Tender for shipment of an article not protected by packing, crating, wrapping, or servicing does not obligate the carrier to accept an article so offered for transportation when such protection is reasonably necessary for the safe transportation of the articles.

Machinery and Equipment

(J) Equipment or machinery such as X-ray, photographing, lithographing, printing equipment, adding machines, accounting, card punching, sorting, or tabulating machines, addressing, imprinting or mailing machines, air filtering machines, bookkeeping machines, typewriters and computing machines, and other similar equipment or machinery, must be fully protected by boxing, crating, or wrapping, except when such articles can be transported in a safe, practicable manner by wrapping with carrier's regular equipment as described in paragraph (C) of this rule, such protection will be furnished as part of the carrier's regular service.

RULE 33

ARTICLES LIABLE TO CAUSE DAMAGE

(A) Carrier will not accept for shipment property liable to impregnate or otherwise damage equipment or other property.

(B) The carrier will not accept for shipment articles which cannot be taken from the premises without damage to the article or the premises.

(C) The movement of LP/propane tanks is prohibited, unless said tanks have been serviced/purged and plugged by professional gas service and labeled as such.

RULE 34

MARKING AND PACKING

(A) Articles of fragile or breakable nature must be properly packed.

(B) Packages containing fragile articles or articles consisting wholly or in part of glass, when packed by the shipper or their agent, must be marked by plain and distinct letters designating the fragile character of contents.

(C) When articles of furniture, consisting wholly or in part of glass are covered or wrapped by the shipper or their agent, such articles shall be wrapped in a manner to clearly expose glass surfaces or glass portions.

(D) Where articles are improperly packed, crated, or boxed and by reason thereof the contents are more susceptible to damage, carrier will arrange to have such articles properly packed at charges as shown in this tariff.

RULE 35

SERVICING SPECIAL ARTICLES

(A) Except as otherwise specifically provided in this tariff, or as amended, the services covered by this tariff do not include servicing (using a device to secure washer) or disconnecting washers, dryers, or icemakers. It is the shipper's responsibility to have all such articles serviced and disconnected prior to loading. Shipper

has the option to: (1) take responsibility for these services and hold carrier harmless; (2) have carrier perform these services at the published tariff rates per article as set forth in Section IV, Item 5 (Household Appliances or Other Articles Requiring Special Servicing for Safe Transportation), provided carrier has the qualified personnel; (3) have carrier contract with a third party company to perform these services and shall be paid by the shipper as set forth in Rule 44 (Third Party Charges).

(B) Except as otherwise specifically provided in this tariff, or as amended, the services covered by this tariff do not include the handling, loading, or unloading of any single article weighing 400 pounds or more. The extra handling, loading, or unloading in every instance must be provided by the shipper or if the carrier has additional personnel and equipment available, such extra services, upon request of the shipper, may be provided by the carrier at charges as shown in this tariff in Item 6 (Bulky Articles, Loading/Unloading Charges, Wgt. Additives). When necessary, such articles must be securely braced and blocked, and when such bracing or blocking require material not forming part of the regular equipment of the vehicle, or extra labor, such material and labor must be furnished by the shipper.

RULE 36

IMPRACTICABLE OPERATION

The carrier shall not be obligated to perform pickup or delivery or render any service at a place or places from or to which it is impracticable to operate vehicles because of:

- (1) The condition of roads, streets, driveways, alley, or approaches thereto.
- (2) Inadequate loading or unloading facilities.
- (3) Any riot, strike, picketing, or other labor disturbance.

RULE 37

IMPRACTICAL PICKUP/DELIVERY OR AUXILIARY SERVICE

(A) When a shipment is tendered for delivery at destination address and it is physically impossible to complete delivery directly from transporting vehicle due to inaccessibility of the building, its structure, or the nature of an article or articles included in the shipment, the carrier may place the shipment or any part thereof not reasonably possible of delivery, in storage at the nearest available warehouse of the carrier, or a commercial warehouse to the order and expense of the shipper, owner, or consignee of the goods. When the shipment or any part thereof is stored in a commercial warehouse, liability of the carrier ceases upon delivery to the warehouse; and when stored in the carrier's warehouse or that of the carrier's agent, liability after the delivery to the warehouse shall be that of the warehouseman and not a common carrier. All accrued charges shall be due and payable upon delivery of the shipment or any part thereof to the warehouse (and later delivery to a final destination shall constitute a new shipment). The transportation shall be based upon the total mileage computed from origin to final destination via initially billed destination.

(B) At the option of the shipper, owner, or consignee delivery will be tendered to shipper, owner, or consignee at the nearest point of approach to desired location, or if possible to accomplishment and by order of the shipper, owner, or consignee, delivery will be effected by auxiliary means from the transporting vehicle to desired location at an additional charge.

NOTE: This rule also applies to impractical pickups.

RULE 38

HOISTING SERVICE

(A) Hoisting service will be performed only at points where carrier possesses necessary equipment and experienced personnel to properly perform such service, weather conditions permitting. Otherwise, upon request of shipper, consignee, or owner of the goods, the carrier will endeavor to arrange for qualified service, if available, at the expense of shipper, consignee, or owner of the goods. The carrier may advance the amount necessary to perform the service, which is to be reimbursed to the carrier upon presentation of the paid bill thereof. The carrier will not be responsible for damage to shipment or property in instances where it does not perform the service with its own personnel.

(B) In the event that qualified service is not available, the carrier may deposit that part of the shipment requiring hoisting in the nearest available warehouse, subject to a lien for all lawful charges, and the shipment shall be considered as having been delivered.

RULE 39

HANDLING AND STORAGE

Except as otherwise provided herein, the rates for transportation include the disassembling of set-up pieces of furniture at their location in the establishment of owner, the physical handling from such location to the van, storage of same within the van body, unloading of goods at destination, handling of same to place in establishment designated, and the setting up of pieces of furniture which were disassembled at origin, provided: if the shipment is delivered to or picked up at a warehouse, the rate for transportation includes only the unloading and loading at the door, platform, or other point convenient or accessible to the vehicle at the warehouse.

NOTE: See Rule 8 (Limitation of Liability on Ready to Assemble Furniture Made from Press Board, Particle Board, and Engineered Wood).

RULE 40

Intentionally left blank

RULE 41

REMOVAL OR PLACEMENT OF PROPERTY FROM/TO INACCESSIBLE LOCATIONS

(A) It is the responsibility of the shipper for removal or placement from or to attics, basements, and other locations, and to make property available to the carrier where the location of property and goods to be shipped or delivered is: (1) not accessible by a permanent stairway (does not include disappearing staircases or ladders of any type), (2) not adequately lighted, (3) does not have a flat continuous floor; and (4) does not allow a person to stand erect.

(B) If the shipper or owner requests and the carrier agrees to removal or placement from or to such areas not readily accessible, Section IV, Item 4 (Labor Charges) will apply for this service.

RULE 42**EXTRA PICKUP OR DELIVERY**

Portions of a shipment may be picked up at more than one place and delivered to more than one place. Charges will be for total weight of entire shipment for total distance from first point of pickup to final point of delivery, plus additional service charges applicable to each portion of the shipment (see Section IV, Item 7 – Extra Pickup or Delivery). The total charges for picked up and delivered portions shall not, in any case, exceed the total charges as would apply if computed to each portion as a separate shipment.

NOTE: This rule not applicable in connection with hourly rated shipments.

RULE 43**ADVANCING OF CHARGES**

(A) Upon request of shipper, owner, consignee, or agent thereof, charges incidental to the transportation of household goods, including such charges as cartage, storage, packing, **valuation**, etc., and charges for warehousing which have accrued against shipment, payment of which is necessary in order for carrier to obtain possession of the shipment, may be advanced by the carrier.

(B) Charges advanced by the carrier under this rule are in addition to all other charges provided in this tariff and shall be paid by consignee as set forth in Rule 11 (Payments).

RULE 44

Intentionally left blank.

RULE 45**WAREHOUSE PICKUP AND DELIVERY**

(A) Except as otherwise provided herein, if shipment is delivered to or picked up at a warehouse, the rates for transportation include only the unloading or loading at door, platform, or other point convenient or accessible to the vehicle.

(B) When the carrier enters a warehouse, including self-storage/mini-storage locations, at the shipper's request to remove items stored from or place items into the warehouse space rented by the shipper, Section IV, Item 4 (Labor Charges) will apply.

RULE 46**DIVERSION OF SHIPMENTS**

(A) Upon instructions made or confirmed in writing by the consignor, consignee, or owner, a shipment will be diverted subject to the following provisions:

(B) The term diversion as used herein means:

- (1) A change in the name of the consignor.
- (2) A change in the name of the consignee.
- (3) A change in the destination.
- (4) A change in the route.
- (5) Any other instructions given which are necessary to effect delivery and requiring any addition to or a change in billing or an additional movement of the shipment, or both.

(C) When an order for diversion under this rule is received by a carrier, diligent effort will be made to locate the shipment and effect the change desired, but the carrier will not be responsible for failure to effect the change ordered unless such failure is due to the error or negligence of the carrier or its employees.

(D) Charges on a shipment which has been diverted will be assessed at the lawfully applicable rate from origin to destination via the point of diversion over the route of movement, plus the charges as provided for in Section IV, Item 12 (Diversion Charge).

RULE 47

CONSOLIDATED SHIPMENTS

(A) Property of two or more families or establishments will not be accepted for transportation as a single shipment. Property of each family or establishment must be handled as a separate shipment on a separate bill of lading.

(B) The name of only one shipper and one consignee shall appear on one bill of lading, but the bill of lading may also specify the name of a party to notify of the arrival of the shipment at destination.

RULE 48

STORAGE-IN-TRANSIT

(A) Storage-in-transit of shipments covered by this tariff is the holding of the shipment in the warehouse *owned by* the carrier or *in a public warehouse with which the carrier has a long-term lease agreement for storage*, pending further transportation, and will be affected only at the specific request of the shipper. *Carriers providing storage-in-transit are required to file proof of insurance for such storage with their Annual Report.*

(B) Subject to Rule 11 (Payments), payment for accumulated transportation and other lawful charges, at the option of the carrier, may be required from the consignor or consignee at time storage-in-transit shipment is delivered to the storage warehouse.

(C) Except as otherwise provided in paragraph (D), shipments moving under this rule may be stored only once and for a period not to exceed one hundred eighty (180) days from date of unloading into the warehouse. At the expiration of the 180-day period, the intrastate character of the shipment will cease, and the shipment will revert to permanent storage. The warehouse shall be considered the destination of the shipment; the warehouseman shall be agent for the shipper; and the property shall then be subject to the rules, regulations,

and charges of the warehouseman. When a shipment remains in storage after expiration of the sixty (60) days, all accumulated carrier charges must be paid as follows:

1. Transportation charges for pickup or delivery as provided in paragraph (E).
2. Storage charges for sixty (60) days as provided by this tariff.
3. Additional services, advances, or other lawful charges, if any.

(D) When, during any one of the 30-day periods within the storage-in-transit period provided herein, the shipper has given notice for final delivery of the shipment on a date fifteen (15) days prior to the expiration of such 30-day period, and the carrier, by no fault of the shipper, fails to provide transportation within such 30-day period, storage-in-transit or storage charges shall not apply beyond such 30-day period unless shipper cancels or rescinds order for final delivery. All other provisions under the tariff will continue in effect until further transportation is made available by the carrier. Until all lawful charges are paid, property will remain in carrier's or agent's warehouse subject to a lien for all such charges.

(E) The transportation charges to apply on shipments stored in transit under this rule and forwarded from warehouse will be (a) the applicable tariff rate from initial point of pickup to warehouse, and (b) the applicable tariff rate from warehouse location, which, for rate application purposes, will be considered a new point of origin, to destination point, viz:

1. When storage-in-transit is accorded at point of origin or destination, the pickup or delivery transportation rate for distances of thirty-five (35) miles or less will be as shown in Section IV, Item 14 (Pickup or Delivery Transportation Rates to Apply on Storage-In-Transit Shipments).
2. When storage-in-transit is accorded at any other point, the pickup or delivery transportation rate for distances beyond thirty-five (35) miles will be as shown in Section III and mileage determined as provided by effective mileage guide.

(F) Shipper or owner, upon proper notice in writing to the carrier before departure of the shipment, may change destination originally shown on the bill of lading. When the destination of the shipment is changed, such change must be recorded on the bill of lading. When the intrastate character of the shipment is terminated at the warehouse before the expiration of the time limit specified in paragraph (C), the transportation and other lawful charges shall apply in identical manner as provided in paragraph (C).

(G) When a storage-in-transit shipment has been placed in a carrier's or agent's warehouse, both the carrier and the warehouse must have in their possession records showing the following:

1. An itemized list of the shipment with the bill of lading number noted thereon.
2. Point of origin and destination.
3. Condition of each article when received at and forwarded from the warehouse.
4. The dates when all charges, advances, or payments were made or received.
5. Dates shipment was delivered into and forwarded from the warehouse.

(H) During the storage-in-transit period, shipper may withdraw a portion of the property, provided that all accrued charges on the shipment are paid prior to such withdrawal, except as provided by Rule 11 (Payments). Such portion shall be weighed to determine the weight of the remaining storage-in-transit shipment. When the selection of the items to be withdrawn requires unstacking and/or restacking of the shipment, charges for such handling shall be assessed in accordance with Section IV, Item 4 (Labor Charges). Charges for transportation furnished, if any, for portion selected for delivery shall be assessed on

the same basis as would apply to that portion as an individual shipment. With reference to the portion of the shipment which remains in the warehouse, the shipper may elect in writing to terminate the storage-in-transit service and place the remaining property in storage with the warehouseman in possession, in which event the warehouse shall be considered the destination of the shipment. If the shipper elects to have remaining portion remain in storage-in-transit, the following shall be applicable:

1. Storage charges, if any, for the balance of the storage-in-transit period, shall be assessed on the same basis as would apply to that remainder as an individual shipment.
2. Charges for transportation furnished, if any, for delivery of the remainder of the shipment shall be assessed on the same basis as would apply to that portion as an individual shipment.

NOTE: The transportation rates and charges applicable to shipments stored in transit are those in effect on the date of the original shipment.

RULE 49

PUBLIC WAREHOUSE DELIVERY

When goods are consigned or delivered to a warehouse, the location of the warehouse will be considered the destination and must be so noted on the bill of lading. The liability on the part of the carrier will cease when the shipment is unloaded at the warehouse. The shipment will be stored in the name of the owner, shipper, or consignee, subject to a lien for transportation and other lawful charges.

RULE 50

OVERFLOW

When a shipment is so loaded that one or more vehicles are loaded to capacity and an overflow remains which does not require the full capacity of another vehicle, such overflow will be charged for the actual weight and at the applicable rate or rates of the combined weight of the total shipment.

RULE 52**CLAIMS**

Carrier may require certified or sworn statement of claim.

- (D) The carrier shall not be liable for loss or damage occurring after the property has been delivered to and receipted for by the consignee or shipper, or the authorized agent of either.
